

## **MOTOROLA A1000**

Motorola introduces the model A1000, the ultimate 3G convergence phone that allows you to do almost everything while looking stylish and staying on the cutting edge. With this multi-functional mobile's voice and data functionality, you can feel confident leaving the office and taking your work on the road. Get more done while you review documents and conduct conference calls at the same time. Open up a whole new way to communicate and share information with two-way videoconference capabilities. The Motorola A1000 is a smart phone for a smarter you.

### **Do It Faster**

Never be out of touch, out of sync or out of enjoyment with the model A1000's voice and high-speed data functionality. 3G technology combined with triband functionality keeps you connected globally. And, the full HTML browser allows you to surf the net - keeping you instantly in-the-know while on-the-go.

### **Tantalize Your Senses**

Who would've thought your camcorder could keep you so connected? With the Motorola A1000 you can capture video and still images using the integrated 1.2 megapixel camera with zoom capability. Take your snapshots, streaming video and images to another level with the brilliant color display and awesome MP3 and polyphonic ringtones that engage your senses.

### **Multi-Task Master**

Don't have time to mess around? No problem! The Motorola A1000 lets you do it all at once! Conduct a phone call while simultaneously using other wireless services, such as surfing the Internet or accessing corporate data. Need to be hands-free? Bluetooth® wireless technology keeps it simple with no wires. No matter where you are or how much time you have, the A1000 helps keep it all together.
