MOTOKRZR™ K3

Designed with passion and built for speed, the MOTOKRZR K3 is beautiful inside and out. Building on one of the most celebrated mobile designs, the MOTORAZR™, this new handset not only delivers a new and exciting design experience utilizing exquisite materials and finishes but also takes advantage of 3G technology. The MOTOKRZR K3 brings entertainment quickly via HSDPA technology — now users can access news, sports, music and video directly on the handsets display.[1] With an integrated 2 megapixel camera and an optional hot swappable microSD card, users can ensure they have enough room to store their favorite memories. The perfect marriage between beauty and functionality, the fashion forward MOTOKRZR K3 is a masterpiece of self expression.

Express Yourself

For those that love to make a fashion statement, the MOTOKRZR K3 is the ideal accessory. With perfect proportion, the MOTOKRZR K3 is an element of surprise. Made of premium metal and glass, the MOTOKRZR K3 will stand by you through all your adventures. The MOTOKRZR K3 is presented in a rich, cool Dark Pearl Gray and a warm, lustrous Stone Gray – ensuring a perfect compliment to any endeavor.

Experience Speed

The MOTOKRZR K3 helps you do what you want to do in a short amount of time. With HSDPA technology, users will spend less time waiting and more time doing. When you're dying to read the latest gossip or urgently need directions, -- you now have immediate access to content on the Internet. The MOTOKRZR K3 makes it fun, fast and easy to stay entertained. With the ability to download the latest video or music file – over the air and quick, you will always be connected to the content and information that is most important to you.[1]

Magical Moments

Bringing new meaning to "share the moment," the MOTOKRZR K3 energizes your communication with two integrated cameras, a 2 megapixel with 8x zoom and a VGA camera for two-way video calling.[1] With approximately 50 megabytes of end user memory[2] and additional space for a hot swappable microSD card, users can store hundreds of their favorite files. When you don't want to get your pictures developed, the MOTOKRZR K3 allows you to easily send the images to a compatible Bluetooth® enabled printer to print high-quality pictures! When your hands are busy taking pictures, there's no fear of missing out on an important call. Connect wirelessly via stereo Bluetooth wireless technology and stay hands-free. [3]
