

MOTO™ U9

Blending Motorola's fashionable design savvy with an incredible music experience, MOTO U9 gives consumers a new way to see, feel and hear the stylish side of music. The latest addition to our music-enabled devices, U9 is designed for those discerning consumers who want to talk and rock in style.

Feel, See

A sensuous and smart design makes rich colors dance on the borderless organic light emitting diode (OLED) external display with one of more than 20 floating animated screensavers. Control the music player from the outside with touch sensitive keys that appear magically, along with the name of the song and artist. Seamless, small and lightweight, this curvaceous phone has graphite metallic gloss and soft touch finishes and fits perfectly in the pocket or hand.

Now Hear This

Make the easy transition from phone to music and back again, MOTO U9 allows one-touch access to your library and pauses music as calls come through. Personalize your play lists by transferring your favorite music, or download tracks from more than 200 online music stores, including Napster, and manage them using the simplicity of Microsoft's Windows Media® Player 11.^{1,2} U9 has 25 MB of on-board user memory³, plus a microSD memory card slot for up to an optional 4GB for music, pictures and other media. With stereo Bluetooth® wireless technology, users can enjoy a wireless mobile stereo experience on the go with compatible Bluetooth-enabled stereo headphones such as the ROKR S9 wrap-around headset.⁴

Express Yourself

Hear and be heard with Motorola's innovative CrystalTalk™ technology that automatically adjusts audio to help ensure clear calls even in a noisy environment. And there's more to talk about including advanced speaker independent voice dialing and talking phone features for additional convenience. Live in the moment and capture your favorite memories with the 2.0 megapixel, 8x zoom camera with multi-shot feature. This amazing camera delivers quality, printable⁵ and sharable images. Further share the latest gossip and buzz with friends and family with easy SMS text messaging² and video capture and playback.
