

MOTOROLA SLVR V8

Fine tune your mobile phone experience with the Motorola SLVR V8 – the ultimate in sleek, super slim mobile craftsmanship. Equipped with EDGE (Enhanced Data for Global Evolution) technology for wireless modem capabilities and ultra fast Internet access, this mobile must-have always keeps you in tune to breaking news, travel information and emails. Bluetooth® wireless technology provides hands-free connections and Push-to-Talk (PTT) connects you to work groups and friends with supreme ease. For fun, capture and view still and moving images, which come to life on the mobile's spacious color screen. With up to 256 megabytes (MB) of expandable memory, it's easy to store favorite multimedia files – the possibilities are endless. But, your mobile phone choice is clear.

All You Need

...is a little EDGE. The Motorola SLVR V8 makes the most of your mobile experience by leveraging EDGE technology for high speed data exchange, allowing video messages to be shared without delay and downloads to be completed quickly.*

Biz Whiz

When it's time to work, utilize the mobile's speakerphone for conference calls on the go. Motorola's Dynamic Idle solution provides zero-click access to news, sports, entertainment, and weather -- your favorite content available 24/7 on your phone's home screen, keeping you up-to-date and in-the-know! And, be sure to stay in sync – Bluetooth technology provides wire-free connections to Bluetooth-enabled PCs and PDAs for simple sharing of calendars, contacts and more.

Save It & Play It

Capture events in real time with video and audio and then share with friends and family via Multimedia Messaging Service (MMS). This savvy mobile is more than just a productivity tool – use it as your vehicle for self-expression. Ultra thin is in.
