

The Motorola V171

Affordability meets first-class technology with the new Motorola V171 – a value packed, voice-focused flip phone polished to perfection and designed to offer the features you need while staying on budget. While light and compact, the model V171 delivers a suite of services designed to provide connections on the go including a vibrant color display, enhanced messaging capabilities*, Internet access*, powerful talk and standby times, as well as preloaded games and downloadable* ringtones, wallpapers and screensavers. Looking to streamline your mobile lifestyle? The Motorola V171 is an ideal solution, providing durable, yet stylish mobile communications at a budget-pleasing price.

Keep on Talking

The Motorola V171 lets you talk for up to 348 – 633 minutes non-stop, ensuring that you're in touch with colleagues, friends and family. The model V171 also has up to 155 – 340 hours of stand by time so you can spend less time charging and more time talking. Best yet – this sleek sliver mobile doesn't sacrifice its slim size to accommodate for extra battery power – it still slides perfectly into your pocket or purse.

Awesome Audio

Rock out to your favorite tunes when friends call thanks to high quality, downloadable* musical ringtones. If it's customization you crave, the Motorola V171 delivers with the ability to hold your own personal recording session to create one-of-a kind ringtones for mobile grooving.

Time Out

All work and no play = no fun. So, the Motorola V171 is packed with ways to stay entertained while on-the-go. From embedded games, to "always on" Internet access to downloadable screensavers you have all the tools you need to stay connected while having a great time*.

Fast Chat

Chat in real-time with the Motorola V171, which offers Instant Messaging capabilities to get your point across in no time flat. Need to get in touch with a pal at work? Simply use Short Message Service (SMS) to send a message to email account with ease. And, with Enhanced Messaging Service (EMS), the Motorola V171 makes it possible to send text messages that also include animations and audio*.
