

MOTOROLA V235

Elegant style seekers will experience mobile nirvana with just one look at the Motorola V235. Featuring a large, vivid color display with an alluring key pad housed within a silver flip phone, this handset is sure to satisfy even the most discerning style-conscious consumer. Its visual appearance is complemented by a plethora of multimedia and communication tools – from video capture to rocking MP3/AAC tunes to one-touch Push-to-Talk (PTT) connections. For those seeking style and affordable connections, the Motorola V235 is the clear mobile choice.

Express Yourself with Multimedia Capabilities

You say that your life is full of adventure -- prove it! With the Motorola V235, just snap a photo or shoot a video and then share via Multimedia Messaging Service (MMS). With 10 megabytes (MB) of embedded user available memory, you have the room to store ample multimedia files and relive your favorite experiences at any whim.

Communication Speed

The Motorola V265 makes mobile broadband speeds a reality. Leveraging the power of EDGE (Enhanced Data for Global Evolution), the V265 ensures that messages are sent with speed, downloads are painless and Internet access is a breeze. And, with a suite of messaging solutions – including MMS for sending favorite photos and voice notes, Instant Messaging (IM) for mobile chats and PTT for lightening fast connections – there are more ways than ever before to connect.

It's Got the EDGE

Whether in the mood for a lengthy chat or itching to hear your latest favorite song, the Motorola V235 is designed to suit your style with powerful battery life and downloading skills.
