

## **MOTOROLA V235**

Elegant style seekers will experience mobile nirvana with just one look at the Motorola V235. Featuring a large, vivid color display with an alluring key pad housed within a silver flip phone, this handset is sure to satisfy even the most discerning style-conscious consumer. Its visual appearance is complemented by a plethora of multimedia and communication tools – from video capture to rocking MP3/AAC tunes to one-touch Push-to-Talk (PoC)<sup>2</sup> connections. For those seeking style and affordable connections, the Motorola V235 is the clear mobile choice.

### **Express Yourself with Multimedia Capabilities**

You say that your life is full of adventure -- prove it! With the Motorola V235, just snap a photo or shoot a video and then share via Multimedia Messaging Service (MMS)<sup>1</sup>. With available on-board storage, you have the room to store multimedia files and relive your favorite experiences at any whim.

### **Communication Speed**

The Motorola V235 makes mobile broadband speeds a reality. Leveraging the power of EDGE<sup>1</sup> (Enhanced Data for Global Evolution), the V235 ensures that messages are sent with speed, downloads<sup>1</sup> are painless and Internet access<sup>1</sup> is a breeze. And, with a suite of messaging solutions – including MMS<sup>1</sup> for sending favorite photos and voice notes, Instant Messaging (IM)<sup>1</sup> for mobile chats and PTT<sup>2</sup> for lightening fast connections – there are more ways than ever before to connect.

### **It's Got the Tone**

Whether in the mood for a lengthy chat or itching to hear your latest favorite song, the Motorola V235 is designed to suit your style with powerful battery life and downloading skills.

The Motorola V235 is expected to be available in Q3 of 2005. For more information regarding pricing and product availability in your region, please contact your local Motorola representative.

<sup>1</sup> Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or their network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality and other product specifications are based upon the latest available information and are believed to be accurate; however such product specifications are subject to change without notice or obligation.

<sup>2</sup> The Push To applications and the other features indicated are network and subscription dependent features, and are not available in all areas. Push To connectivity requires Push to compatible phones.
