## Motorola V525

The new Motorola V525 is designed specifically for Vodafone properties in Europe and South Asia. With a sleek package, the model V525 will not only impress your boss but your friends too – enabling you to freely express your individuality while movin' on up the corporate ladder. Built with quad-band and Bluetooth® wireless technology capabilities, the Motorola V525 boasts the latest in technology while its frosted, silver housing and blue perforated aluminum bezel will keep you styling. From executive meetings to weekend dinner parties, the Motorola V525 promises that you'll be the star of your mobile circle.

- **Live in Color**

This isn't a black and white world. Experience the awe-inspiring power of a high resolution TFT screen capable of supporting more than 65,000 colors. Combined with an integrated VGA digital camera, the model V525 is a neophyte photographer's secret weapon. Capture life's most spontaneous moments in crisp, sharp detail and instantly share them with compatible devices via Multi-Messaging Service (MMS) to keep your friends, family and associates in the know.

- **I See You**

With an embedded digital camera it is a breeze to bring caller ID to the 20<sup>th</sup> century. After taking a new photo, make it last by adding it to a caller ID<sup>1</sup>. There is no better way to know who is calling then by seeing their mug on your screen. Use at your discretion!

- **All Set, Let's Jet**

The model V525 is a quad band phone, extending users' communication reach across the globe<sup>2</sup>. Perfect for the international traveler, the sleek mobile fits neatly into any pocket and keeps you in touch to the real world while you roam, with increased access across America and new connectivity in South America.

- **Pocket-Sized Fun!**

With high quality MP3 and MIDI ring tones, the sound experience is close to that of a CD. Each incoming call will sound like music to your ears. But, this isn't the only feature that model V525 devotees will be rockin' out to. Java™ technology makes it easy to download new animated screen savers or games to put a positive step in anyone's day. The superior sound quality and large color display promises a tantalizing gaming experience.

- **Have Your Cake and Do Business Too**

Keep your communication hands-free with the Motorola V525's Bluetooth wireless technology capabilities. By using the mobile's optional compatible Bluetooth headset, communication is possible without any long, messy wires and the Bluetooth PC adapter provides easy access to the Internet. Talk, download and more without touching a button.

<sup>1</sup>Network, subscription and SIM card or service provider dependent feature. Not available in all areas.

<sup>2</sup>Operates in many major cities and countries where GSM network coverage and roaming agreements are present.
