

Motorola V600

With stunning looks and killer functionality, the Motorola V600 cellular phone is a sleek statement of sophistication and intelligence for mobile trendsetters who demand the very best. Blending style with communication convenience, the quad-band handset eloquently delivers an integrated camera, PIM functionality, advanced messaging features and downloadable games and applications. The Motorola V600 was born to attract attention.

- **“Say Cheese!”**

Featuring an enhanced integrated camera, the Motorola V600 allows you to snap incredibly vivid photos and send them instantly to friends. Or simply save your favorite photo to use as a screensaver. Just point and click to transform moments into memories. And with a color screen that supports up to 64,000 colors, your pictures will come in crystal clear.

- **Get the Picture?**

The Motorola V600 allows you to put a face with the names in your phonebook. Simply snap a photo of your favorite friend and save with their name in your phonebook. It's very visual caller-ID.

- **Beautiful Bluetooth**

Use the Motorola V600 to connect wirelessly to Bluetooth™ wireless technology-compatible accessories and devices. Gone are the days of carrying bulky cords (such a fashion faux pas). Use the model V600 with cool headsets, car kits and more. You'll love the convenience of Bluetooth™ wireless technology.

- **Keeping Busy**

Never waste a moment. With Multimedia Messaging (MMS) capabilities, you can send a photo along with a personalized voice message to showcase your latest adventure. Not in the mood to chat? Play your favorite game in full color by yourself, over the network or with a nearby friend via Bluetooth™ wireless technology.

- **Anywhere and Everywhere**

Communicate across the globe with the quad-band Motorola V600 phone that gives you the ability to stay in touch, whether you're in Chicago, Cannes or Caracas*.

- **Lights! Color! Action!**

When you receive a call, voicemail or text message, the phone activates discreet and stylish color notification lights while playing your ring tune of choice! You even can assign different colors of lighting to your preferred contacts, so you'll know at a glance who is on the line.

- **Sounds Too Good To Be True**

Rock out to your ring with the Motorola V600. Ring tunes will sound crystal clear with the model V600's polyphonic speaker. Download ring tunes of your favorite songs, turn up the volume and get ready to jam the next time your phone rings!

- **Hey, Good Lookin'!**

Go ahead and prepare yourself for the stares and catcalls, because the Motorola V600 is quite the looker! With unique and stylish metal covers that you can change to fit your fashion, you'll look glamorous while you communicate.

* Operates in many major cities and countries where GSM network coverage and roaming agreements are present.
