

The Motorola A760

See the world through rainbow-colored glasses with the Motorola A760, bringing objects to life in vibrant, living color. Featuring a color touch screen that supports up to 65,000 colors, the model A760 is a Picasso in your palm. Combining a PC, PDA, camera, MP3 player and speakerphone with advanced messaging, instant Internet access and Bluetooth™ wireless technology in a single device, the Motorola A760 is a jack-of-all-trades poised to meet your communications and entertainment needs. And, the model A760 is ideal for execs on the move with secure and instant access to corporate e-mail and database applications. Everyone loves a multi-tasker.

- **Power in your Hand**

The Motorola A760 is truly an office in your pocket keeping you connected with corporate and personal e-mail accounts and business databases. The handset's open OS and extensive PIM/PDA system will keep you on task and on time with the ability to sync back with your office computer via secure Over the Air (OTA), Bluetooth™ wireless technology, Infrared or USB connections. Productivity out of the office has never been so easy.

- **Color Me Moto**

The model A760's color touch screen will bring excitement to both work and play when using its icon-driven user interface (UI) to review documents, play games or share pictures. It even allows you to personalize the whole UI theme to suit your mood. Add some color to your wardrobe by choosing from a variety of colorful housings and wallpapers.

- **Capturing Life's Great Moments**

Use the Motorola A760's integrated camera to capture shots of your child's winning hockey goal. Then, save it in your mobile photo album, along with pictures of your new boat, and give your friends a slide show the next time they're around.

- **All Work and No Play?**

Everyone knows hard-working execs like to play even harder. Take full advantage of the model A760's fast data speeds to make downtime a delight. Download songs from your favorite artist to the integrated MP3 player and relax as the sounds soothe. Or, test your skills on preloaded & downloaded games if you're up for a challenge.

- **Message in a Mobile**

Featuring advanced messaging capabilities, the Motorola A760 allows users to send and receive animated messages to friends' compatible phones incorporating pictures, videos, animations, ring tones, songs and more*. Embedded chat messaging lets you text back and forth, while saving the last few messages sent and received on your display, complete with your friend's chat name!

- **On the Road and in Control**

The Motorola A760 incorporates a hands-free speakerphone and Bluetooth wireless technology, which gives you the option to chat with friends either via speaker or a Bluetooth hands-free device while keeping your hands on the wheel.
