

Together with NEXTEL

Motorola C290 Phone with Sprint PCS Vision®

The C290 by Motorola is an elegant and affordable phone that is ideal for customers wanting the convenience of voice communication and Sprint PCS Vision®*. This phone has a large, vibrant display, and a sleek, compact design, making it a great tool for customers needing to stay connected while they juggle work and life.

Entertainment

- Sprint PCS Vision® Capable - Download the latest images, ringers, games, and other applications and make your phone unique to you!*
- SMS Text Messaging – Send and receive email, exchange text messages or join a chat room.*
- Games – Download graphically enhanced games for one or multiple players that provide hours of entertainment.*
- Ringers – Choose from thousands of ringers and identify key callers* with Music Tones, ringers of actual songs, movie and TV themes and more.
- Screen Savers – Reflect your interests with thousands of pictures of your favorite TV characters, sports teams, celebrities, artwork and more.
- Web – Check out full-color versions of popular web sites or purchase and download premium applications.*
- You can also e-mail pictures to the phone for use as screen saver and/or photo id.

Productivity

- Built-in speakerphone for hands-free operation of the phone.
- Large, vibrant display.
- C290 has iTap® (v6.2) – Compose messages easier and faster with prediction text input using the phone's built-in dictionary. T9 lets the device predict the text you enter, making sending messages* easier and more efficient!
- Voice Memo/Recorder for recording memos, notes and reminders for playback when needed.
- Customizable Picture ID – Customize your caller ID by linking a downloaded image or photo to a specific phone number in your contact list.*
- Work on the go with a built-in calendar and scheduler, voice memos and more. This phone also includes a world clock, calculator and alarm clock.
- Customizable Ring Tones and Alerts
- Headset jack accommodates most standard headsets for hands-free operation.
- TTY device capability, allowing the hearing impaired the ability to communicate.

Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or their network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality and other product specifications are based upon the latest available information and are believed to be accurate; however such product specifications are subject to change without notice or obligation.

**Network dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply.*

***All talk and standby times are quoted in Digital Mode, and are approximate. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data and other application usage patterns.*
