

## Motorola MOTO™ ZN200

More than just a mobile phone, MOTO™ ZN200 provides a robust imaging experience for the culture-conscious consumer. With a 2MP camera, video capture and playback, web browsing, a music player and CrystalTalk™ technology, users are always connected to the people, music and experiences they are passionate about.

### Capture and Share Unforgettable Moments

Use the MOTO ZN200 to capture and share spontaneous moments with unforgettable still and video images. Press the dedicated camera key to launch imaging mode and only the keys you need are illuminated, making it easy and fun to capture video clips and still images. ZN200 captures both landscape and portrait images and features 8X digital zoom to help take that perfect photo. Capture video at 15-20 FPS and then view it on the 1.9" color screen (TFT 262k, 176 x 220). With up to 2GB external memory, in addition to 30MB of internal memory<sup>1</sup>, users can be as snap happy as they wish! Bluetooth® wireless<sup>2</sup> technology and MMS enable users to share images and video instantly.

### Always Entertained, Always Connected

The MOTO ZN200 also features an MP3 player and FM radio allowing users to enjoy music anytime, any where. Listen with the included stereo wired headset or cut the wires with a Stereo Bluetooth wireless headset. Download favorite songs from the PC with USB "drag and drop" support<sup>3</sup>, and then stay connected with web browsing<sup>4</sup> capabilities. Check out the latest news or download MP3 ring tones and wallpapers to personalize the phone or enjoy the challenge of the pre-loaded games.

### Function and Style Combined

In phone mode, the MOTO ZN200 has a fashionable, slider look and provides best-in-class audio with CrystalTalk technology that allows user to hear and be heard, even in noisy environments. Status icons on the top of the device provide instant updates on missed calls, new messages and Bluetooth activity. The premium looking phone includes chrome plated keys and medallions, high-gloss metallic patterns on the back, and three sharp color options.

Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or their network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality and other product specifications are based upon the latest available information and are believed to be accurate; however such product specifications are subject to change without notice or obligation.

<sup>1</sup> Available user memory varies due to the configuration of the phone, which varies by service provider.

<sup>2</sup> This device supports Dial Up networking (DUN), File Transfer Specification, Handsfree, Headset, Object Push (OPP), A2DP

AVRCP and Basic Imaging (BIP) profiles. In order for Bluetooth devices to communicate with one another, they must utilize the same Bluetooth profile. To determine the profiles supported by other Motorola devices, visit [www.hellomoto.com/bluetooth](http://www.hellomoto.com/bluetooth). For other devices, contact their respective manufacturer. Certain Bluetooth features including those listed may not be supported by all compatible Bluetooth-enabled devices, and/or the functionality of such features may be limited in certain devices, or by certain wireless carriers. Contact your wireless carrier about feature availability and functionality.

<sup>3</sup> The unauthorized copying of copyrighted materials is contrary to the provisions of the Copyright Laws of the United States and other countries. This device is intended solely for copying non-copyrighted materials, materials in which you own the copyright, or materials which you are authorized or legally permitted to copy. If you are uncertain about your right to copy any material, please contact your legal advisor.

<sup>4</sup> Network and or SIM card dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply.
